FAQs

1) Will the uploading of students mean they automatically get registered on IITBombayX?

   - No. When a student's details are uploaded in bmwinfo.iitbombayx.in, it will not automatically register the student on IITBombayX. The student will first need to register on IITBombayX and complete the activation process. Only after that will the upload of students' details be successful.

2) Will the function `Unenroll Student' unenroll the student from his IITBombayX course?
- No. If the student is unenrolled from the bmwinfo.iitbombayx.in, then the student can still take a course on IITBombayX, as the concerned course will still appear on his/her dashboard.

3) What instructions should be given to students?
- The following are the instructions that need to be given to the students who are to be enrolled:
1) Students should register on IITBombayX and then enroll for the course.
2) After enrollment, the student should share the essential information -
* IITBombayX registered email address which is used while logging in
* Public username which is the username visible on IITBombayX
* College Roll No

4) What does the Teacher need to do next?
- The Teacher has to download template.csv and enter all the essential information - IITBombayX registered email address, Public username and College Roll No - and then upload the file.

5) What should one do when an error message is seen on screen?
- Check the manual.

6) Where can the Teacher view the grades of his/her students?
- Click on 'View Grades' on the dashboard, and the Teacher will be redirected to Students' Performance Report page which has the list of students grades. There also is a Download option to download its .csv file.

7) Where can the Teacher find his/her list of students?
- Click on 'Students' Details' on the dashboard to be redirected to Students' Information page, which has the list as well as Download option to download its .csv file.

8) `I get confused between the Username and email id of IITBombayX. How should I understand better'?
- The email id is the email you used for logging into the IITBombayX site whereas the Username will be shown in the discussions or forums that you participate in on IITBombayX.

9) How do I register on bmwinfo.iitbombayx.in?
- The registration is by 'Invitation Only'. An email will be received on your registered email id from the Information System for IITBombayX Blended MOOCs, asking you to create a password to join the system.

10) Can the same students be re-uploaded?
- No. The system will clearly show that the particular student's details already exists.

11) What happens when a student is unenrolled?
When a student is unenrolled, the student is removed from the Institute's students' list, but he/she can still take the course on IITBombayX.
